Touchpoints Faculty Gathering

It was wonderful to “see” so many of you at the Tenth Anniversary Webinar. We know the summer is a very busy time, and haven’t been able to find a great time for all on Meeting Wizard. Mary, Robin and I were thinking it would be fun to spend a morning just imagining what could happen with Touchpoints, now that so many forces seem to be heading in the right direction.

We invite you to join us for a very, very casual discussion and a little formal planning on Tuesday, August 9, from 9:30 – 12:00. We’ll have fruit, bagels, and cream cheese available. Please bring your favorite breakfast beverage and anything else you wish. Hope you can join us.

Directions are below Please call or e-mail if you have questions.

From Burlington: South on Route 7. Turn right on 22A which goes into Vergennes. Turn left on South Maple Street. (first left after the traffic light on the town green. Travel about 5 miles. Mitchell drive will be on your left. We are the last house on the drive. From Montpelier: Take 100 South, then 17 West. Stay on 17 when it makes a jog across Route 7. Travel 4 miles. Turn right at the flashing yellow light. This is Hallock Road. Travel 0.7 miles, turn right on Mitchell Drive.
